

FORMA

Design R&D De Castelli

La grande varietà di formati e di finiture è il tratto distintivo di una linea di moduli compositivi adatti sia a piccoli che grandi spazi. Curati in ogni dettaglio, i moduli sono tagliati e rifiniti a mano, per conferire ad ogni pezzo un'inconsueta morbidezza ai bordi ed agli angoli.

The distinctive feature of this line of compositional modules suitable for both small and large spaces is the great variety of formats and finishes.

With the utmost attention to every detail, the modules are cut and finished by hand, ensuring the edges and corners of each piece are particularly smooth.

FORMA

Forma si declina in 7 formati, dal rettangolare al quadrato, fino all'esagono. Il materiale viene consegnato già pronto per l'installazione.

Available in 7 shape formats, from rectangular to square and even hexagonal. The material is delivered ready for installation.
