

FLOOR & WALL SURFACES

Superfici che prendono vita grazie a micro - incisioni che arricchiscono la pietra naturale di texture e pattern inediti.

Frutto di continua ricerca e creatività, le collezioni di Trame di Pietra rendono la materia contemporanea e affine ad interpretazioni sempre nuove.

New and unique textures micro-engraved on natural stone create beautiful and experimental surfaces. Thanks to a mix of continuous research and creativity, Trame di Pietra® collections transform natural stone in a contemporary material, offering an innovative interpretation.
